

# CAPABILITIES STATEMENT

## ABOUT US

Laclede Chain Manufacturing is the oldest domestic chain manufacturer in the United States and has over 200 employees across its system. The company has over 250,000 square feet of manufacturing and distribution space in four locations across the United States. We are proud to serve U.S. government organizations by fulfilling their chain needs.

## OUR PRODUCTS

- Traction, overhead lifting, general industrial, and marine chain
- Sole domestic manufacturer of Grade 120 chain and assemblies, the strongest American-made chain on the market
- Powder-coated chain available in custom colors, including Hi-Viz green and yellow for safety applications
- ArmorGalv coating, a long-lasting, environmentally friendly corrosion resistance treatment

## CUSTOM ENGINEERING

Our in-house team of engineers works with government organizations to help them design and manufacture custom chain and assemblies for new and challenging applications. Using 3D printing technology, Laclede Chain reduces product development costs and finds solutions quicker than traditional prototyping methods.

## OUR CONTRACTS
